**For spa appointments, babysitting, or meal reservations,** call the Concierge at 208.622.2097.

**Don't want to drive? Shuttle Services available.** See IPA website for details.

# Behavioral Aspects of Neurological Disease

*A conference for physicians, NPs, PAs, RNs, psychologists, pharmacists, social workers, EEG technicians & other professionals who care for patients with neurological conditions*

*February 8-11, 2018 • Sun Valley Resort*

*To register or learn more, visit: [idahopsych.org/BAND](http://idahopsych.org/BAND)*

## Conference Overview

This conference has been designed to outline the management for behavioral aspects of neurological disease. The conference presents a critical overview of epilepsy, movement disorders and dementia, featuring in-depth presentations by national and regional experts. Appropriate audience to include neurologists, psychiatrists, primary care providers, psychologists, nurses, social workers, counselors, and other allied/mental health professionals.

We recognize that patients living with diseases of the brain and central nervous system have needs that span multiple disciplines. Many patients suffer from co-morbid mood disorders such as depression and anxiety. This multidisciplinary event encourages cooperative management by the care team. In so doing, it is our hope that this conference will improve the wellbeing of people with these diagnoses in the communities we serve.

## The Continuing Education

**Psychologists:** Sixteen (16) continuing education credits will be available to psychologists for full attendance of this conference through the Idaho Psychological Association (IPA). Four (4) continuing education credits will be available for full attendance on each day. IPA is approved by the American Psychological Association to sponsor continuing education for psychologists. IPA maintains responsibility for the program.

**Important:** Daily credit(s) will be provided only to individuals who attend all four sessions of the day in their entirety. Those arriving after the scheduled start time or leaving before it is complete will not receive credit(s) for the day.

Contact our office at [IPAoffice@idahopsych.org](mailto:IPAoffice@idahopsych.org) for more detailed CE information.

Learning objectives, speaker bios, information on commercial support for the program/instructor(s) and/or any other relationship that could be construed as a conflict of interest are at: [idahopsych.org/BAND](http://idahopsych.org/BAND).
